The Art of Yoga: Flow

Saturday, October 14th

\$45 Members

9am - 12 noon

\$70 Non Members

Instructors: Claudia Cummins and Emily Fitch

The disciplines of art and yoga share much in common: clear-eyed vision, an exploration of the creative impulse, and a deep sensitivity to all of life. In The Art of Yoga, we explore these themes both on our yoga mats and in the art studio, considering how movement, breath and meditation can fuel and enliven the creative impulse that lies within each of us. In this session, we'll explore possibilities of flowing movements, first through a guided yoga class and then in the art studio. We'll work with liquid paints to create abstract paintings that flow, spiral and dance across the canvas. No previous yoga or painting experience required!

A selection of spoons will be on hand for purchase in case a student doesn't have a spoon made of workable metal. The spoon ring workshop will teach students basic metalsmithing skills, including annealing, cutting, sawing, filing, hammering, bending, sanding, and polishing. Students may be able to complete more than one ring if time permits. Beginners with no jewelry making experience are encouraged to bring extra silverware in case they run into problems on their first attempt.
